Hide & Seek Tag:

- This game is a combination of Hide-and-Seek and tag.
- It starts in the same way as a classic game of Hide and Seek with an “it” person counting and the other players hiding.
- The difference is that when the “it” person finds a player the player tries to run away.
- If the player is tagged by the “it” person, they’re out, but if they get away they can go and hide in a new spot.
